## 3-D DISCUS COMPRESSOR

## Certified Copeland Parts

Outstanding quality, performance, and reliability are built into Copeland compressors through the use of Copeland certified parts. We offer the parts and assemblies you see here only after they have passed our rigorous total quality system utilizing the most up-to-date quality assurance processes. Copeland's unsurpassed engineering and manufacturing capabilities assure optimum operating efficiency, durability, and value.

Remember, use only Copeland certified parts when you repair or rebuild our compressors.
